Message from the President

SPMC President Ron Dedman

The 1990-91 year has been one of change at SPMC.

We began a program to highlight customer service which started at the end of last year and has spread throughout the Corporation. This initiative has several components, including:

- The re-organization of SPMC into Service Areas;
- Task forces seeking employee input on a variety of issues;
- An internal survey of how well we think we serve our customers;
- New job opportunities for SPMC employees, and;
- More decision-making powers delegated to the front lines.

This on-going process has resulted in greater enthusiasm and commitment by staff to better serve our customers. The effort has been noted and is appreciated by our customers, who have remarked on the changes.

Other areas of restructuring include:

- A smaller executive;
- The "Buy Saskatchewan" Agency was transferred to the Saskatchewan Diversification Corporation, continuing to make significant contributions to economic development activity in the Province, and;
- The Information Technology Management Agency was relocated to the Department of Finance.

Other initiatives that SPMC participated in were the Federal Provincial Committee on Environmentally Safe Products and the Trade Barrier Reduction discussions between the four Western provinces.

Our Board of Directors at year end were Hon. Jack Wolfe as Chairman of SPMC and Hon. Lorne Hepworth, Vice Chairman, Hon. John Gerich, Hon. J. Gary Lane, Q.C., Hon. George McLeod, Hon. Ray Meiklejohn, and Hon. Rick Swenson. Hon. Pat Smith and Hon. Eric Berntson served on our Board during part of last year.

Finally, I would like to recognize the hard work and dedicated service of all SPMC employees. Our success is a direct result of their commitment.

Ron Dedman

Executive Management's Year in Review

Enhanced customer service was the primary goal of the Corporation in the 1990-91 fiscal year.

Among the accomplishments were:

- 18 Customer Service Areas were established outside the urban centres of Regina and Saskatoon.
- Environmental concerns were addressed through several initiatives, including decreased use of fossil fuels through SPMC's energy management program; the development of a strategy for handling all SPMC waste streams including freon, oil, fiberglass and sanitary waste, among others; the refurbishing of old furniture to decrease the need for new materials; educational programs in the collection and disposal of hazardous wastes for SPMC customers and employees; and, working with other governments to identify more environmentally "friendly" products.
- The establishment of seven Agriculture Credit Corporation offices located in Assiniboia, Weyburn, Swift Current, Moose Jaw, Kindersley, Wynyard and Moosomin.
- The installation of property security systems in several locations throughout the province to protect customer assets and services.
- The construction of 6 Equipent Repair Depots for the Department of Highways located in Prince Albert, Saskatoon, North Battleford, Weyburn, Yorkton and Swift Current.
- The completion of a major Multi-Purpose Arts building for the Pine Grove Correctional Centre in Prince Albert.
- The restoration of the Visitor's Reception Centre at Fort Carlton and the major addition and upgrade of the Nesbit Maintenance Centre for the Department of Parks & Recreation.
- The completion of the Norman MacKenzie Art Gallery in Regina.

Next year, SPMC will continue to focus on customer service, including plans to implement a customer advisory committee.

As well, the Corporation will continue to place priority on the environment, through the promotion of recycling, reusing, and the use of more efficient products and practices.

Auditors' report

To the Members of the Legislative Assembly, Province of Saskatchewan:

We have audited the statement of financial position of the Saskatchewan Property Management Corporation as at March 31, 1991 and the statements of income and accumulated deficit and of cash flow for the year then ended. These financial statements are the responsibility of the corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. In our opinion, these financial statements present fairly, in all material respects, the financial position of the corporation as at March 31, 1991 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles.

The corporation receives substantially all of its revenues from Saskatchewan Crown controlled departments, agencies, corporations and public institutions. These revenues primarily are determined with reference to market; however, in such cases where comparable market rates do not exist, rates are based on the operating costs and the amortization of the related capital costs.

Accommodation revenues are shown net of the participation credit of $86,965,000 (1990 - $52,341,000). Participation credit represents a return of profit based on volume of accommodation business and is applied to Saskatchewan crown departments and agencies which are funded through the provincial treasury.

Included in these financial statements are expenses resulting from routine operating transactions conducted at prevailing market rates with various Saskatchewan Crown controlled departments, agencies and corporations with which the corporation is related.

Account balances resulting from these transactions are included in the statement of financial position and are settled in normal trade terms.

14. Additional information

a) Loans receivable

The loan agreements state that the Crown undertakes to pay the corporation on behalf of the borrower, an annual grant equal to the annual installment of principal and interest. The borrower irrevocably authorizes and directs the Crown to pay annual amounts to the corporation on its behalf to be applied in payment of principal and interest. In addition, the agreement provides that the borrowers' obligation to repay all installments of principal and interest as they become due shall be conditional upon the Crown's continued payment of the annual grant.

b) Comparative figures

Certain of the 1990 figures have been reclassified to conform to the current year's presentation.
